*James H. Kornepgay Art Director*

## *FOREWORD*

The members of the 1965 Bear Staff have put forth much effort in attempting to make this the best edition ever published. Many unforeseen obstacles had to be surpassed in order for you to enjoy this publication.

We have tried to select only the best records of this year's events, and events of the history of our institution as its 100th birthday draws nigh. The following pages contain these records.

In addition to portraying this history of this institution, we have in a small way exhibited a part of the future as you will discover upon opening the book. This is the Shaw University that we hope that you will be able to visit within a few years.

As you journey into the pages of this book years from now, we hope that it will bring back the many happy memories shared with so many others during the past 100 years.

It is our sincere wish that your copy of the 1965 Bear will be one that you will cherish for years to come.

# Dedication

*The eyes and ears of the world are upon us as we prepare to celebrate our 100th birthday. As we take our place in the sun to participate intelligently in the reconstruction of society, our thoughts are turned toward the ideals of Henry Martin Tupper. It is in this spirit that we dedicate this book to the many alumni and students of Shaw University.*

## SHAW UNIVERSITY

RALEIGH, NORTH CAROLINA

27602

TO THE CLASS OF 1965:-

Alfred North Whitehead once wrote:

"In the conditions of modern life, one rule is absolute:  
the race that does not value trained intelligence is doomed."

The era in which you emerge as full grown citizens will be known to historians as an era of transition. For some, this transition will be characterized in terms of the change from a segregated to a desegregated society. For you, it should be more properly assessed as the transition from civil rights to social fulfillment.

Whether social fulfillment will become a reality for you may well depend, not so much upon the educational accomplishments thus far achieved, but upon those apt to be achieved. It is thus that your stay with us has been designed to develop in you the "value of trained intelligence."

To the end that you will continue to increase your skill and expand your knowledge for the fulfillment of your role in the postmodern era, we bid you to go forth with our hopes and God's blessings.

James E. Cheek  
President

## *ALMA MATER*

Hail dear old Shaw U  
Thy sons revere thy name.  
Long shall thy works be proud,  
Undimmed thy flame.  
Time shall thy praises sing,  
Glory repay thy tears,  
And loud thy praises ring  
Through all the years.

Noble thy hallways,  
Noble thy grassy plain,  
Nobler the hearts of men  
Where thou dost reign,  
All we who love thy name,  
Stout hearts that shall not fail,  
All rise and loud proclaim  
Alma Mater, Hail!!

# TRIBUTE

Mr. Eugene M. Howell

Mr. Eugene M. Howell has been a mainstay of Shaw University since 1925. He was employed under the administration of Dr. W. Nelson and has maintained his employment since that time. "When I first came here," said Mr. Howell, "Tupper Hall was the gymnasium. The young men lived in Shaw Hall in which a portion was divided into a bookstore." The physical appearance of the campus has changed tremendously since that time. Thick bushes dominated the grounds, and the place where the mobile units are located was a garden. Since he was the only maintenance man employed by Shaw at that time, Mr. Howell assumed the responsibility of cutting down most of the bushes and plowing the entire campus grounds. So great were his other duties that it took him two weeks to mow the entire lawn.

The upkeep of the campus, then and now, is not the only contribution Mr. Howell has made to this institution. He has successfully integrated himself into the Shaw family by sending four of his daughters here — three having graduated and now holding teaching positions. They are Annie R. Howell, who teaches in Snow Hill, North Carolina; the former Senora Howell, who teaches in Seaboard, North Carolina; and the former Lula Howell, who teaches in Louisburg, North Carolina.

Words cannot express our appreciation of Mr. Howell. He has well exemplified the spirit of Shaw University by rendering unselfish service for the betterment of our college community.

# *TRIBUTE TO PARENTS*

To those of you who have made every effort to keep the faces that you have just reviewed from becoming simply blurs on the periphery of civilization, we pause to pay tribute.

This comes as a small token of our appreciation for the many hours of toil and hardships that you may have had to endure in order that your sons and daughters might have a more meaningful life. We know that in this hard world life has not been very easy for you, because even we find it rather rough while under your protection. Nevertheless, we will continue to be loyal to you because of your expressed adherence to the principle of education for all.

## *STUDENT BODY PRESIDENT*

Dear Fellow Students:

A scholar is one who is not only a student, but who has a consuming desire to pursue lofty thoughts and ideas; to understand phenomena and to interpret with the application of analytical acumen the acts of men and nature; and one who is not satisfied with the ordinary physical and spiritual life of day in and day out, but who wants never to stop learning, to stop understanding, to stop thinking, and to pass his thoughts, for what they are worth, on to his fellow man. He is one who believes that his own intellectual capacity is limitless.

I am indeed proud to have been a member of the Shaw family and honored to have served as your leader for the academic year 1964-65. We have been through a period of transition wherein a great number of changes have been made. The concept of education has been the symbol for this period of change. Therefore, if we will exercise our minds and our imaginations — if we will develop the desire to think, the desire to achieve, the desire to reach our highest potential — as Alumni of Shaw, there is really no limit to our productivity and advancement.

## EDITOR'S MESSAGE

I hope that you have enjoyed this 100th anniversary edition of the Shaw Bear. Every effort was put forth by the members of the Bear Staff to make this publication a truly great one.

I must express my appreciation to each of the committee chairmen and their staff members who unrelentlessly devoted their time to the realization of our purpose. I must also extend expressions of gratitude to Tant Studios and American Yearbook Company for doing such a fine job, for both concerns are truly masters in their respective fields.

Finally, I would like to congratulate all of the administrators, faculty, alumni, and students of this grand institution as its 100th birthday is upon us, and I wish Shaw University another 100 years of unrivaled prosperity and growth.

I now leave with you the words of some unknown author with the hope that all mankind will have a desire to do good.

"There is only one good — *Knowledge*, and one evil — *Ignorance*." :

Yours sincerely,

William T. Parker  
Editor-in-Chief
